

General Notes

- In almost all the product photos, the color of the gold and green stone seems faded. Especially the color of the gold should be fresher.
- In all photos, chain does not seem clear from the front angle and it looks like it turned a little bit. It must be in the correct form and the details of the chain should be seen better.

Left one has better color tones.
Please adjust the color tones
according to the left one

Left one has better gold tones. Please adjust the color of the gold according to the left one. Thank you for reducing shadow. It looks ok.

It's almost ok. Please just remove the dark dotes as shown in the red circles. size of the pendant looks very big. It should be a little bit smaller as shown in the photos that we shared with you.

It's almost ok. size of the pendant looks very big. It should be a little bit smaller as shown in the photos that we shared with you. And the pendant does not look properly. It is a little bit crooked. Please fix it.

The size of the pendants for number 3,4 and 5 should be smaller. They are too big
