Dome Rings  
Retouching Notes  
JAN 2024

Make nail shapes more like this nail

Do not adjust overall brightness or skin tone.

Bring back white

Smooth

Reduce darkness of lines a little

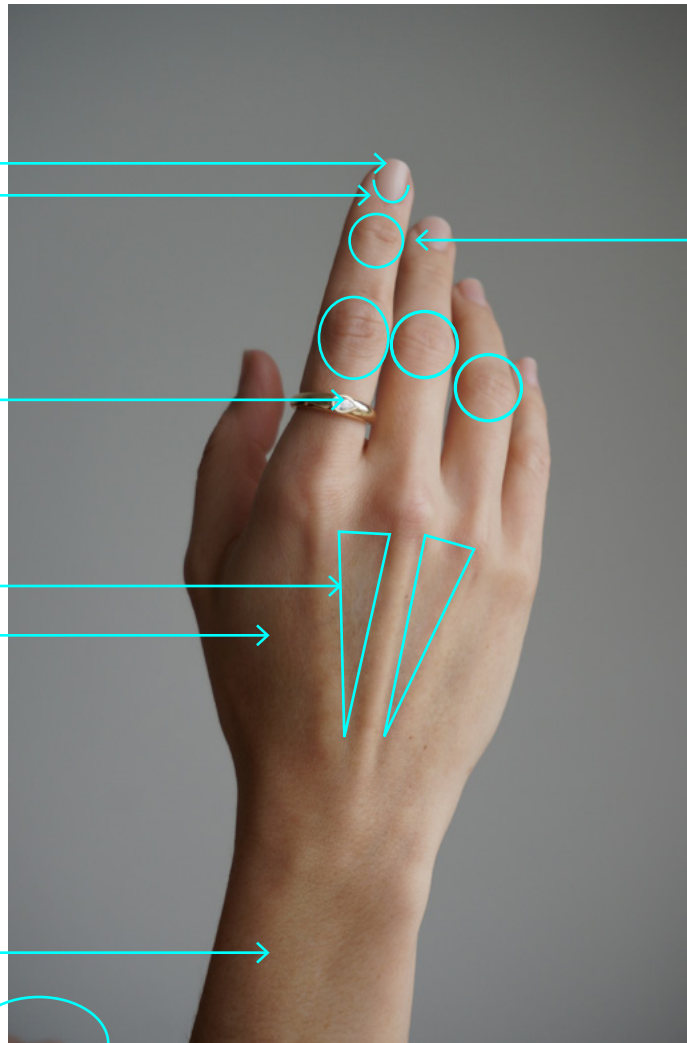

Make diamond stand out more like this:

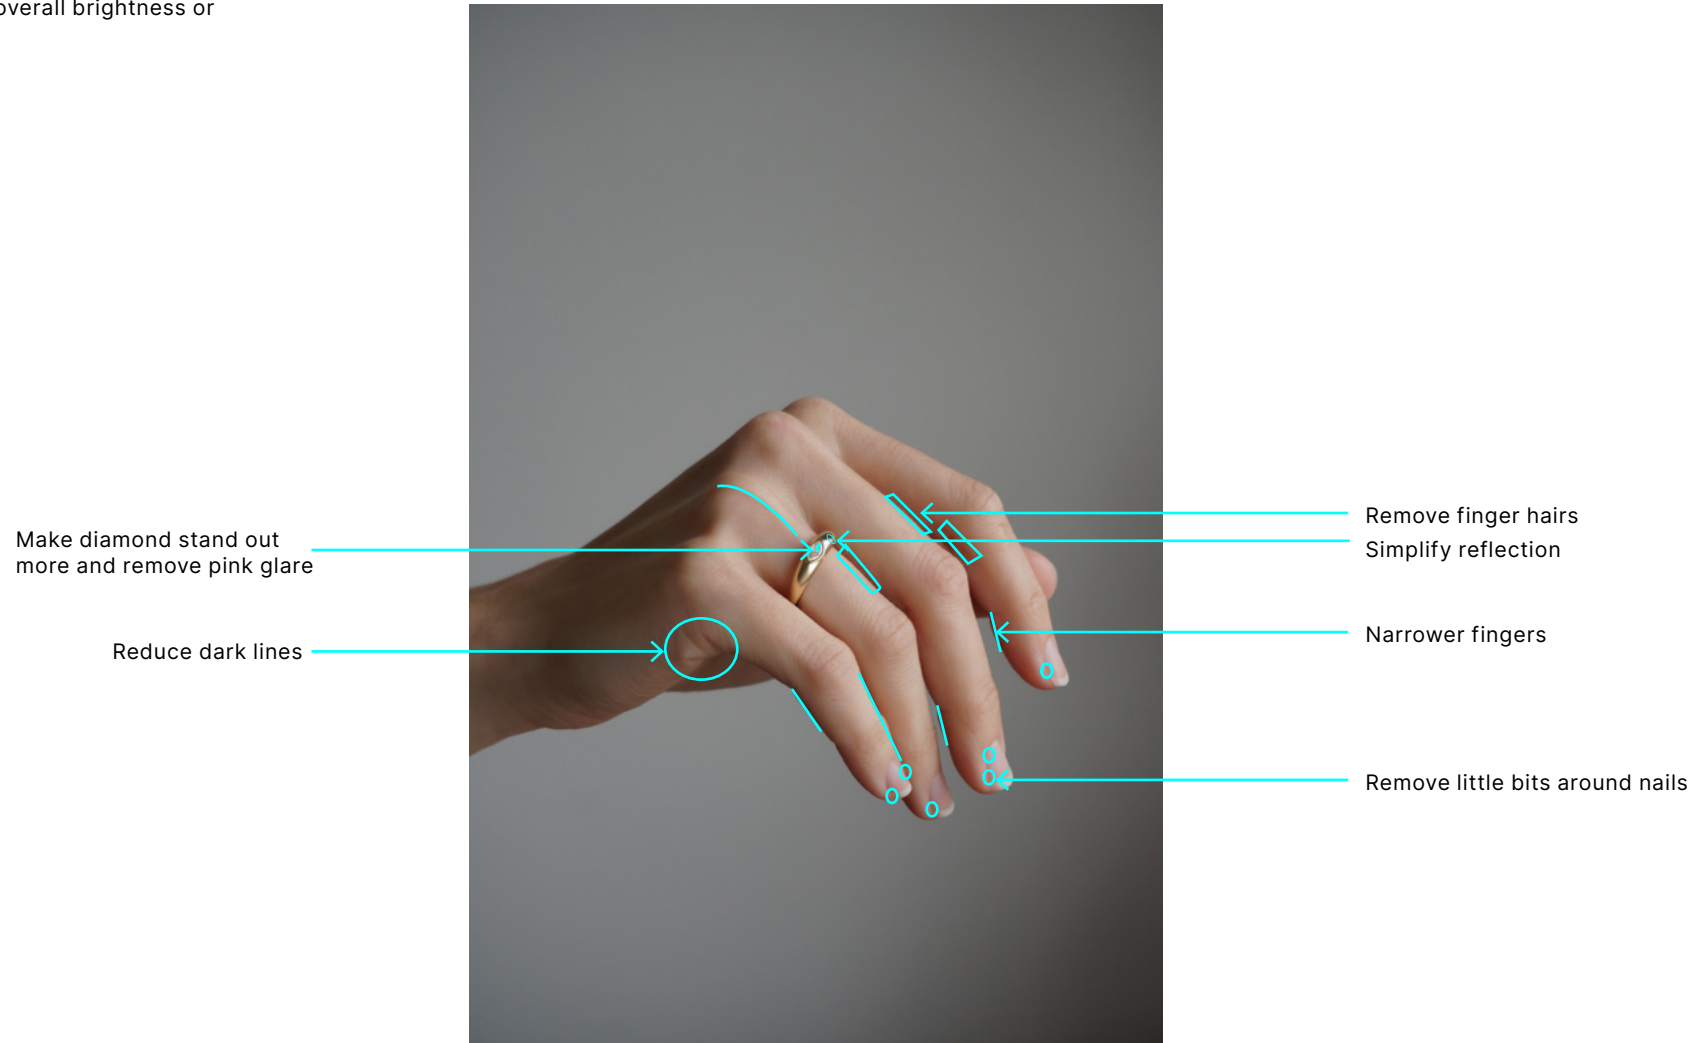

Lighten

Skin looks dry, reduce dry texture

Remove appearance of hair but keep skin texture

Do not adjust overall brightness or skin tone.

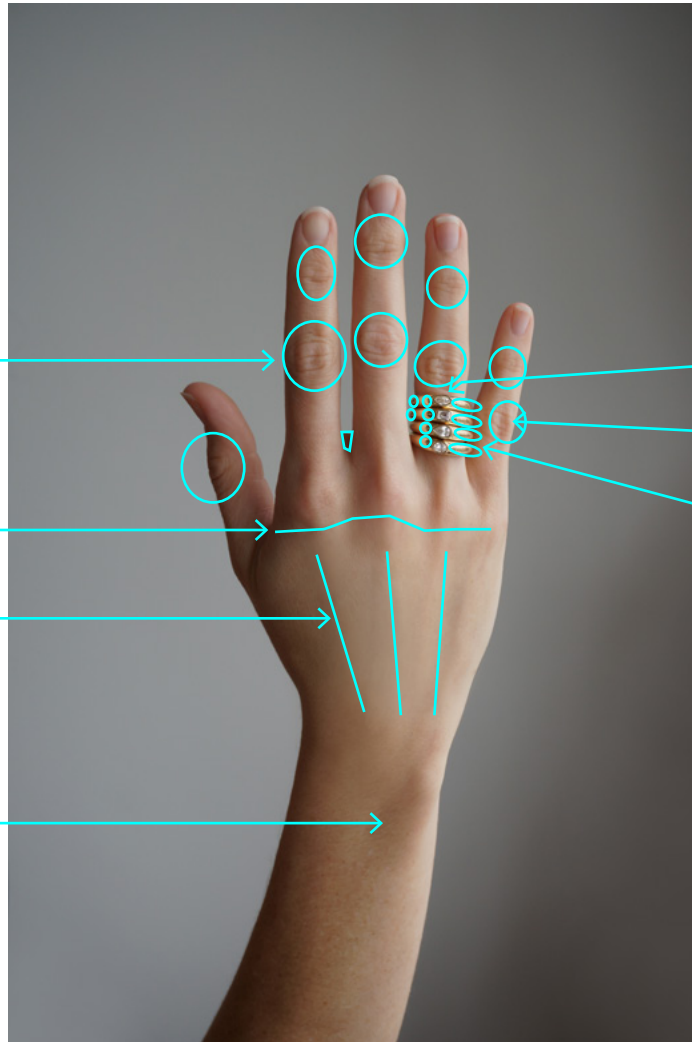

Do not adjust overall brightness or skin tone.

Reduce darkness of lines a little

Blend better

Bring back bones a little

Remove appearance of hair but keep skin texture

this diamond looks yellow, please make white

Make all diamonds stand out more, like this:

Tidy reflections

Do not adjust overall brightness or skin tone.

Too much glare on diamonds, make more clear like this:

Too much, we still need some reflections. It doesn't look shiny any more

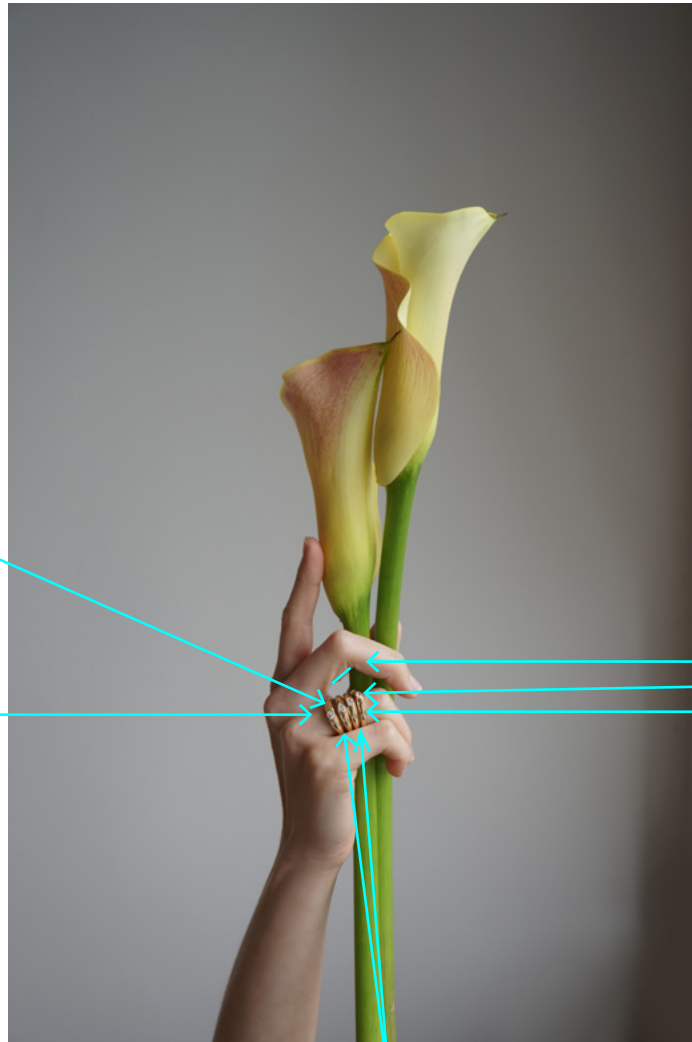

Smooth

Smooth

Do not adjust overall brightness or skin tone.

Ring looks too big, can you make it fit better?

Brighten diamonds bright like this:

Smooth

This diamond looks yellow, make white

These reflections are messy and look unclear. This one below is a good reference:

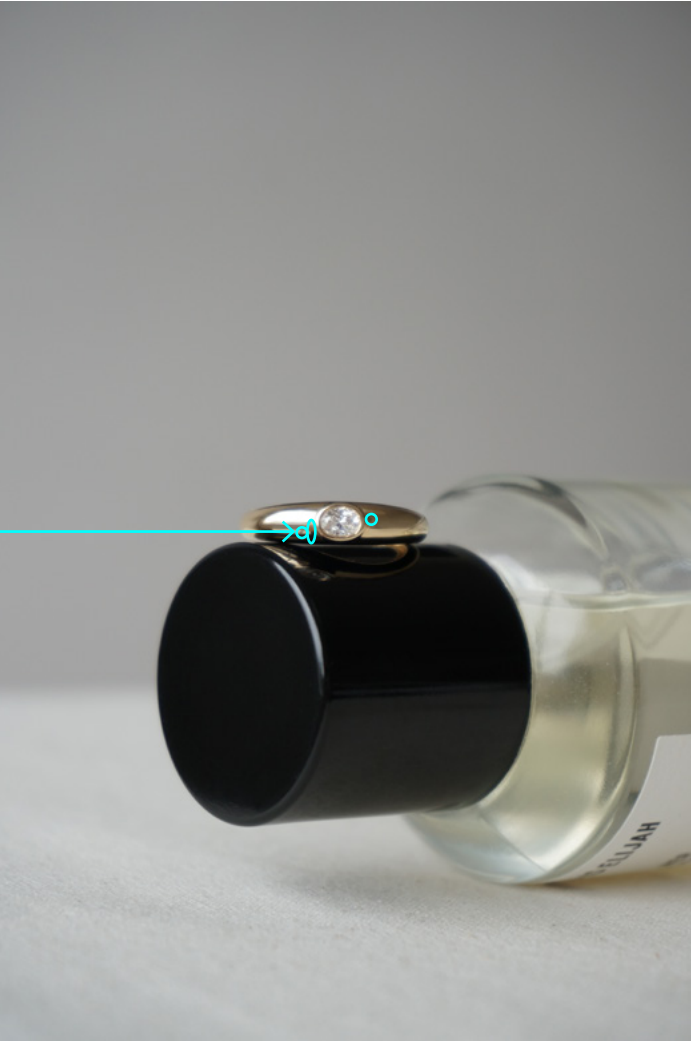

Can we close these gaps?

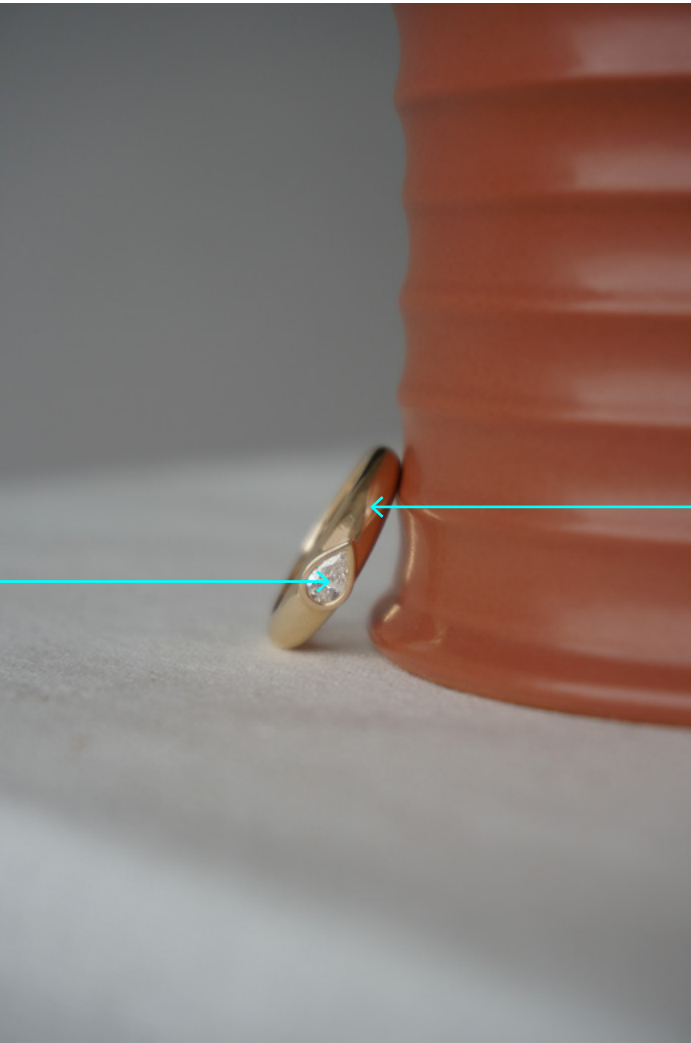

Do not adjust overall brightness or skin tone.

Remove these reflections

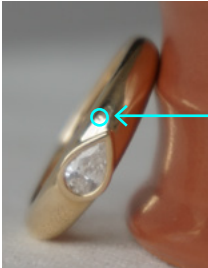

Do not adjust overall brightness.

Diamond looks good!

Go back to original reflections:

Remove this little bit

Do not adjust overall brightness.

Remove

Brighten diamond bright like this:
